

We offer an extensive product range to suit the needs of the most distinguished buyer: from 300 to 600 thread count sateen and percale to elegant jacquards to yarn dyes to matelasse' to prints and basics in a delightful palette of colors

Our distribution channels are very diversified:
we manufacture
products for high profile retailers, private label for distinctive
brands, have a strong presence online and we've been
aggressively going after the Hospitality industry: we have been
selected as preferred vendor by prestigious international hotel
and restaurant groups and exclusive boutique hotels
around the world

## Why BELLINO:

- we use only 100% egyptian long staple cotton
- we are a vertical italian manufacturer who weaves, finishes, sews under one roof: no middle men or outside sources so we provide the top made in italy product, a strict quality control and several finishing options (stitches, embroideries, personalizations etc)
- our textiles are ECOTEX certified: no detrimental materials are used so they are safe and anti allergic
- our group owns the top european finishing/dyeing facility (www.sattaebottelli.it) which finishes our fabrics and the ones of the worldwide top brands: their centennial expertise and special techniques/components make our linens very soft and luxurious
- · our structure and capability allow us to compete on all price points

We have offices and warehouses in Italy and the U.S. and showrooms in New York City and Atlanta
